Rev. Dr. Lisa Renee Sherman

Benediction for Inclusion

May we go forward with open hearts and listening minds,
welcoming the voices long silenced,
embracing the beauty in difference,
and honoring the dignity in every person.

May our communities become places of safety and celebration,
where no one is invisible, and all are invited to the table.
May we be quick to learn, slow to judge,
and bold enough to stand beside one another in love and justice.

Let kindness be our guide,
equity our path,
and belonging our destination.

Go now—each of you seen, valued, and essential.
And may we make the world so, for all.

Amen.
